"Ceres" Superphosphate.

(THE COMPLETE FERTILIZER.)

THE BEST IN THE MARKET.

LASTS IN THE LAND FOR YEARS.

Not a mere stimulant that exhausts the soil, but a real PLANT FOOD permanently enriching it. A barrel of the "Ceres" goes much further than one of an inferior article.

Take this into consideration in comparing prices.

House, Steam and Gas COAL

General Mining Association, (Limited.)

The Coal from the Mines of this Association, which are situated at North Sydney, Cape Breton, is the Coal which has become so well known as SYDNEY COAL, and the only Coal entitled to be so called, the trade mark "Sydney Coal" having been registered, owing to the numerous attempts to sell other Coals from Cape Breton as "Sydney," taking advantage of the reputation gained under this name by the above Coal.

Sydney Coal is adapted for House and Steam purposes.

EMULSION OF COD LIVER OIL,

IN COMBINATION WITH

Pancreatine and the Hypophosphites of Lime and Soda.

Besides Honors received in former years, **PUTTNER'S EMULSION** has been awarded in 1884, for excellence of manufacture, &c., a Diploma at the Dominion Exhibition held at Montreal, and also a Diploma and First Prize at the Western Fair, at London, and was "Extra Recommended" at the Great Central Fair held at Hamilton.

The Proprietors of **PUTTNER'S EMULSION** would wish it to be distinctly understood that this preparation is not a **secret remedy**. but is composed of Pure Cod Liver Oil, Pancreatine, and Hypophosphites of Lime and Soda, made into an Emulsion with Gums, and flavored in such a manner that the taste and smell of the oil is completely disguised. It is manufactured by machinery under the direct supervision of Mr. W. H. Simson, who is a graduate of the Philadelphia College of Pharmacy, and who is a practical Chemist.

PUTTNER'S EMULSION has now been before the public for some ten years and has a steadily increasing demand; the sale for September, 1884, being nearly 10,000 bottles. It has received testimonials from nearly all the leading physicians of Nova Scotia, and from many in the other Provinces, and is largely prescribed by them. Physicians who wish to prescribe Cod Liver Oil will find this Emulsion the best form in which it can be given, as it has no taste nor smell of the Oil, is easily digested, and can be retained on the most delicate stomach. Children often cry for it. It is made with the finest material. Sold by all Druggists at 50 Cents.

PUTTNER EMULSION COMPANY.

HALIFAX, N. S.

Opinions of Physicians and others as to the merits of PUTTNER'S EMULSION OF COD LIVER OIL.

DR. JENKINS, of Montreal, says:

"I prescribe your Emulsion of Cod Liver Oil with Hypophosphites largely in my practice, with most gratifying results. You may use my opinion in any way you desire. I cannot speak too highly of your preparation.

J. F. T. Jenkins, M.D., C.M., &c."

CAPT. JOHN R. HIRE, of Schr. Lillian, speaks of it thus:

"I was suffering from a severe attack of inflammation of the chest, caused by a heavy cold brought on by exposure at sea, and on making my next voyage I took with me a good supply of Puttner's Emulsion, which, I am happy to say, has perfectly cured me; indeed, I cannot praise it too highly. I feel that it has given me a new set of lungs.

JOHN R. HIRE, Capt. Schr. Lillian."

Send to your Druggist, or to the Puttner Emulsion Co., Halifax, for a Pamphlet.

J. R. JENNETT.

FORMERLY J. R. JENNETT & CO.

I have resumed business in my old line, in the premises,

161 and 74,

PENTAGON BUILDING, ORDNANCE SQUARE,

Where I am now showing a large and well selected Stock of

CHINA, GLASS, EARTHENWARE,

American Lamps, Chandeliers, Brackets and Lamp Fixtures.

Also---ELECTROPLATEDWARE

In great variety, from the best English and American houses.

The above Stock has been bought low for CASH, and will be sold LOW. Wholesale Buyers will find our prices quite as low, if not lower, than quotations from Upper Province houses for the similar line and quality of Goods. I would ask my former patrons to kindly call and examine my stock before purchasing elsewhere. Orders by mail will receive my best and personal attention, and Prices will be at LOWEST FIGURES.

There seems to be an impression amongst Wholesale Buyers that Goods can be purchased from Upper Province houses at lower prices than in the City of Halifax. This is a mistake, which a little investigation will quickly remove. Moreover, it is to the interest of the buyer to make his purchases in Halifax, as he can more readily reach his source of supply for terms or any other arrangements he may wish to make,

Our terms are as liberal as any other house in the trade here or elsewhere.

J. R. JENNETT.

nd he ROM the commencement of their business in 1871, the aim and purpose of Mason & RISCH has been to furnish Instruments of such undoubted excellence, that each one will be a standing advertisement and recommendation of its worth.

These Instruments possess remarkable power, richness and brilliancy of tone, combined with precision and elasticity of touch; while for solidity, strength, and a capacity or standing in Tune, they are unrivalled.

Their object has been to make, not merely an ORDINARY, or even what might be termed a good Plano, but one of the BEST,

That they have succeeded in producing Instruments of unusual excellence, is the unanimous verdict of the most competent musical authorities, among whom may be mentioned the celebrated "Mendelssohn Quintette Club," of Boston, who declare that "Toronto may well be proud of being able to manufacture such fine Planofortes."

"I erjoyed playing on such excellent Instruments. They are decidedly in advance of the majority of Pianos now being made, through their greater brilliancy, combined with sweetness and power of tone. The lightness and great precision of touch still more serve to bring out these qualities with the best effect." Herr Graner,

Professor of Music, Philadelphia Academy of Music.

"1ts tone, touch, and mechanism are exquisite, and the solidity of its construction is equally fine."

F. Liszt.

Weimar, July 14th, 1881.

"The tone of my Mason & Risch Piano is delicious, and the touch and action as near perfection as possible. It is also a very gentlemanly looking instrument, with no foppery about it. Its exterior seems to say, 'I'm good inside.'"
